

2018 DODGE /// DURANGO

A photograph of three Dodge vehicles parked in a dark, industrial-style garage. On the left is a red Dodge minivan. In the center is a white Dodge SUV. On the right is a dark grey Dodge SUV. The background shows the structural beams and lighting of the garage.

*DOMESTIC. NOT DOMESTICATED.*

**DODGE**

For more than 100 years, the Dodge Brand has stood for standing out. We've led by being different. By offering the unexpected, by having a different voice altogether and daring to amplify it. We've stood apart in a sea of look-alike vehicles by championing the un-boring; by having the courage to be different enough to build modern-day marvels that are engineered with more passion,

precision and performance than ever before. Each vehicle in the 2018 Dodge lineup pays homage to its iconic bloodline with award-winning features and detailed craftsmanship. The snarling engines and sleek exteriors of each vehicle beg to be taken out on the open road. It's time to put the pedal to the metal. *THIS IS WHAT IT MEANS TO BE DOMESTIC AND NOT DOMESTICATED.*

## 2018 DODGE DURANGO

How do you know Durango is a Dodge through and through?

It's easy. Compared to the other SUVs, Durango is an outlier.

It's different. It's a Dodge first — and an SUV second. The others cower and let the segment define them, focusing more on simply being utility vehicles rather than *sport* utility vehicles. Not Durango — with its available HEMI® V8 engine, rear-wheel drive and sport suspension, Dodge engineering has transformed this SUV into a seven-seat Charger.\* Durango goes all in with an incredible amount of horsepower capable of pulling an equally incredible towing rating, and plenty of technology to keep you entertained and connected. Durango is an SUV that doesn't need bloodwork in order to tell what's in its DNA: there's no doubt that this is a Dodge.

\*Five-passenger seating standard. Six- and seven-passenger seating available.

////// Durango SRT® shown in White Knuckle.

## THE ONLY SUV WITH STREET CRED

**NEW DODGE DURANGO SRT®** /// While other manufacturers are trying to figure out how to get more cup holders into their SUVs, we've been busy fortifying ours with more horsepower. This is what it looks like when you combine everything great about Durango and everything extreme about SRT. This is the new 2018 Dodge Durango SRT. The 392 HEMI® V8 engine delivers a staggering 475 horsepower and 470 lb-ft of torque, plus a wicked-fast time on the drag strip: 0 – 60 mph in 4.4 seconds and a National Hot Rod Association (NHRA)-certified quarter-mile cover in 12.9 seconds. Add in an 8-speed performance-tuned transmission, sport-tuned all-wheel drive, high-flow dual exhaust with four-inch outlets, beefy 295 tires on 20- by 10-inch wheels and massive Brembo® brakes and you have one badass people mover.

/// There's comfortable seating available for seven, but the authority of the driver hasn't been ignored — leather-trimmed seats, new electronic T-shifter, launch control and an 8-inch Uconnect® touchscreen radio all come standard.

//// Durango Citadel shown with Anodized Platinum Appearance Package. Apple CarPlay™ screen shown.

Does anyone really believe that one-size-fits-all? We don't. That's why Durango offers 50 seating configurations, available seating for up to seven, available cloth or leather-trim seating and technology that keeps everyone entertained.

## APPLE CARPLAY™ COMPATIBILITY<sup>[1]\*</sup>

This is smarter iPhone® integration, so you'll experience your favorite features through your dashboard. With Siri<sup>[2]</sup> all you have to do is ask — catch up on calls and messages, get directions from Apple Maps, or request a song through Apple Music. The system lets you browse music, or discover nearby gas stations, parking, restaurants and more. Plus, Maps help predict where you're headed.

## ANDROID AUTO™ INTEGRATION<sup>[1]</sup>

For those who know and love Android,<sup>TM</sup> Google<sup>TM</sup> goes with you with navigation<sup>[3]</sup> and "OK Google" voice detection, you'll hear your favorite Google Play music and get voice-guided navigation<sup>[3]</sup> from Google Maps. Stay focused and productive while on the road with voice controls<sup>[4]</sup> that allow you to make calendar appointments, set timers, reply to emails and messages — and more.

\*All disclaimers and disclosures can be found on page 20.

EXCEPTIONAL TOWING

**8,700 LB\***

**ALL-WHEEL DRIVE (AWD) ///** Durango was designed for uncompromising and refined performance even in the worst conditions. Forge on with available AWD. The system helps enhance driver confidence by leveraging the SUV's 50/50 weight distribution. Durango offers two AWD systems — one for the HEMI® V8 engine and one for the Pentastar® V6-powered models — each one greatly enhances the vehicle's traction and handling by delivering a smooth driving experience over a wide range of road conditions.

//// Durango SRT® in Octane Red towing a Dodge Challenger with Drag Pak. Properly secure all cargo. \*When properly equipped.

## SAFETY & SECURITY FEATURES

**PARKSENSE® REAR PARK ASSIST<sup>[9]</sup> / / / /** When your vehicle is in Reverse, this system can sense objects moving at low speeds; if imminent collision is detected, the system will provide a momentary, autonomous brake pulse. In certain circumstances, this system can help bring your vehicle to a stop. (Available on Durango.) For Journey and Grand Caravan, this available system detects objects within 6.5 feet of the backup pathway and provides both an audible chime and visual warning.

**RAIN BRAKE SUPPORT / / / /** When your windshield wipers have been activated, the system pulses the brake pads closer to the spinning rotors, helping to keep the rotors and pads dry for greater control and operator security. Standard on Durango.

**BLIND SPOT MONITORING (BSM)<sup>[10]</sup> WITH REAR CROSS-PATH DETECTION<sup>[9]</sup> / / / /** Radar continually monitors rear vehicle blind zones and will visually and audibly alert you when a vehicle is sensed in any of the zones. When the vehicle is in Reverse, rear sensors warn through a chime if cross-traffic approaches the vehicle. Available on Durango and Grand Caravan.

**ADAPTIVE CRUISE CONTROL (ACC)<sup>[11]</sup> WITH STOP / / / /** Helps maintain driver-selected distance from the vehicle ahead; under certain traffic conditions, the system can bring the vehicle to a full stop without driver intervention. Available on Durango.

**FORWARD COLLISION WARNING (FCW)<sup>[12]</sup> WITH ACTIVE BRAKING / / / /** Forward-facing radar sensors detect when your vehicle may be approaching another object too rapidly and the system alerts the driver with both an audible chime and a visual warning. Available on Durango.

**PARKVIEW® REAR BACK-UP CAMERA<sup>[9]</sup> / / / /** This system displays an accurate visual reference of what is behind your vehicle when it's in Reverse. Standard on Durango and Grand Caravan. Available on Journey.

**READY ALERT BRAKING (RAB) / / / /** The system anticipates situations when you may initiate an emergency brake stop and uses the Electronic Stability Control (ESC)<sup>[5]</sup> pump to precharge the brake system in order to decrease the time required for full brake application. Standard on Durango.

**ELECTRONIC STABILITY CONTROL (ESC)<sup>[5]</sup> / / / /** This system is designed to assist you in maintaining control of your vehicle during extreme steering maneuvers. ESC<sup>[5]</sup> senses when a vehicle is starting to spin (oversteer) or plow (understeer), and attempts to correct the vehicle's course by automatically controlling the throttle and applying the brakes at individual wheels. Standard on Durango, Journey and Grand Caravan.

**ALL-WHEEL DRIVE (AWD) / / / /** A system that automatically detects wheel-slip and sends additional power to the wheel(s) with the most traction. Available on Durango and Journey.

**ANTILOCK BRAKE SYSTEM (ABS) / / / /** Standard four-wheel antilock disc brakes sense and prevent wheel lockup, offering improved steering control under extreme braking and/or slippery conditions. Standard on Durango, Journey and Grand Caravan.

Dodge Durango GT shown with Authentic Dodge Accessories by Mopar: Mesh Chrome Grille Insert, Chrome Tubular Side Steps, 20-Inch Chrome Wheels and Chrome Mirror Covers.

[1] Apple CarPlay and Android Auto require a compatible mobile device connected via USB cable to the Uconnect system. Data plan rates may apply. Visit UconnectPhone.com for system and device compatibility. [2] Siri Eyes Free requires an iPhone equipped with Siri. Certain features are not available while the vehicle is in motion. iPhone must be within active cellular range. Customer's existing iPhone data rates apply to Internet-supported features. [3] This system is not meant to be used while the car is in motion. [4] Requires a mobile phone equipped with the Bluetooth Hands-Free Profile. Visit UconnectPhone.com for system and device compatibility. [5] No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESC warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions. Always drive carefully, consistent with conditions. Always wear your seat belt. [6] For children 48 – 85 lb and up to 4'9". [7] SiriusXM subscriptions for audio and data services are sold by SiriusXM to follow your trial subscription. **If you decide to continue listening after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates.** Fees and taxes apply. To cancel, you must call SiriusXM at 1-866-635-2349. See the SiriusXM Customer Agreement for complete terms and more information at www.siriusxm.com. All fees and programming subject to change. Your equipment and features for SiriusXM services will vary depending upon the vehicle you select and may be limited in select markets. [8] Voice Text Reply and Voice Texting features require a compatible mobile device enabled with Bluetooth Message Access Profile (MAP). iPhone and some other smartphones do not currently support Bluetooth MAP. Visit UconnectPhone.com for system and device compatibility. Ensure MAP is ON and incoming message notification is enabled. Vehicle must be registered for Uconnect Access and you must fulfill minimum subscription requirements. Also requires the use of a compatible smartphone that supports text messaging and Bluetooth. Visit UconnectPhone.com for system and device compatibility. [9] Always look before proceeding, electronic drive aid is not a substitute for conscientious driving; always be aware of your surroundings. [10] Always check visually for vehicles prior to changing lanes. [11] ACC is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use the brakes to avoid collisions. [12] FCW system is solely an alert system for the front of the vehicle which does not take any actions to change the vehicle dynamics to avoid a collision and is not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use the brakes to avoid collisions. [13] Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraints. [14] The Advanced Front Air Bags in this vehicle are certified to the new U.S. Federal regulations for Advanced Air Bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. [15] LDW is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use brakes to avoid collisions. [16] May not work with all garage door openers. [17] Transferable. See dealer for complete details and a copy of the 5-Year/60,000-Mile Powertrain Limited Warranty.

About this catalog: since the time of printing, some of the information you'll find in this catalog may have been updated. Ask your dealer for details. Some of the equipment shown or described throughout this catalog may be available at extra cost. Specifications, descriptions, illustrative materials and all competitive comparisons contained herein are as accurate as known at the time this publication was approved for printing. FCA US LLC reserves the right to discontinue models at any time or change specifications without notice or without incurring obligation. Some options may be required in combination with other options. For the price of the model with the equipment you desire, or verification of specifications contained here, see your Dodge dealer.
