

Santa Fe | warranty

*When you can go wherever life takes you,
you win.*

NO MATTER WHERE YOU TAKE IT, AMERICA'S BEST WARRANTY WILL BE THERE.

A sport utility vehicle needs a warranty that can go wherever and whenever the spirit moves you. The 2004 Hyundai Santa Fe's warranty travels well on a moment's notice and is as big as the outdoors. This is the Hyundai Advantage.[™] It's proof that Hyundai stands behind the quality of its products to save you money on the overall cost and maintenance of your car. And for added peace of mind, we even include 24-hour Roadside Assistance. So you'll be covered on city streets, country roads and everything in between.

<i>10</i> year	100,000-MILE POWER TRAIN PROTECTION
<i>5</i> year	60,000-MILE BUMPER-TO-BUMPER COVERAGE
<i>5</i> year	100,000-MILE ANTI-PERFORATION WARRANTY
<i>5</i> year	UNLIMITED MILES 24-HOUR ROADSIDE ASSISTANCE

*See dealer for LIMITED WARRANTY details.

Santa Fe | comfort

THE INTUITIVE, ELECTROCHROMIC AUTO-DIMMING REARVIEW MIRROR AND CONVENIENT HOMELINK[®] COME STANDARD ON THE LX MODEL.

YOU'LL BE COOL INSIDE WHEN IT'S HOT AND HUMID OUTSIDE, THANKS TO THE SANTA FE'S STANDARD AIR CONDITIONING.

POWER UP. THREE CONVENIENT 12-VOLT OUTLETS (TWO FRONT, ONE CARGO AREA) PROVIDE POWER FOR MOBILE ACCESSORIES.

The best-equipped cabin on the mountain.

Even when you're roughing it, you can be comfortable in the 2004 Santa Fe. The interior has plenty of room to move around in, making it one of the most driver-friendly SUVs on the road, or off. Though five adult passengers and their cargo will be sitting pretty, the best seat in the house is the one behind the wheel. Santa Fe provides a commanding view of the road, along with excellent driver ergonomics. Its spacious cabin is filled with creature comforts like air conditioning and an 8-way driver's bucket seat with adjustable lumbar support. Also standard are power windows with illuminated switches and a driver's auto-down feature, as well as power door locks and rear reclining seatbacks. HomeLink[®], standard on the LX, allows you to program garage doors, security gates and the like. Let's just hope your campsite is half as civilized.

Santa Fe | comfort

Santa Fe | features

Packed with features for your action-packed life.

THE SANTA FE'S STANDARD 60/40 SPLIT FOLD DOWN/RECLINING REAR SEATBACK MAKES LOADING BULKY AND OVER-SIZED ITEMS EASY.

THE MONSOON 218-WATT AM/FM STEREO WITH IN-DASH 6-DISC CD CHANGER IS MUSIC TO YOUR EARS IN THE LX MODEL.

AN OVERHEAD CONSOLE WITH BUILT-IN MAPLIGHTS AND SUNGLASS HOLDER IS JUST ONE OF MANY STANDARD CONVENIENCES.

With 77 cubic feet of cargo space, the Santa Fe can carry pretty much anything you want to throw in it. This SUV is also loaded with convenient standard features like three 12-volt power outlets, four cupholders and a lockable glove compartment. To keep everything in its place, there are a dozen cabin storage areas, including a handy center console with an armrest and two-level storage compartment. The Santa Fe GLS and LX also feature an upgraded 218-watt, six-speaker MONSOON® audio system and a leather-wrapped steering wheel and shift knob. The LX adds leather seating surfaces, heated front seats, a fully automatic temperature control system, an electrochromic auto-dimming rearview mirror, a 6-disc in-dash CD changer and ABS¹ with Traction Control.²

¹Available as part of a specific option package. See dealer regarding availability.

²The Traction Control System (TCS) is meant to enhance conscientious driving habits, and is not a substitute for proper driving procedures. Available as part of a specific option package. See dealer regarding availability.

Santa Fe | style

Equally stylish in a T-shirt and jeans or coat and tie.

The Hyundai Santa Fe's rugged good looks are right at home in any setting. And as it happens, many of the details that make this vehicle look better than most SUVs also make it drive better. The large glass area, for instance, does more than provide a great view of the road, it also lends the cabin a spaciousness that puts you right at ease. Similarly, Santa Fe's powerfully flared fenders — certainly a bold styling statement — make possible a solid, broad-shouldered stance that does wonders for room, comfort and ride. It's this kind of advanced, distinctive styling and design that offers outstanding stability and road presence. Add to that a strong, fully independent suspension and refined chassis, and you'll discover why the 2004 Hyundai Santa Fe rides as good as it looks.

Santa Fe | safety

Unibody construction: One size protects all.

Every day is an adventure. That's why we engineered the Santa Fe's body and frame to be one component of exceptional strength. The Santa Fe also has steel roof rails and side-impact door beams, built-in front and rear crumple zones, and impact-absorbing front and rear bumpers. Inside the cabin, protective features include 3-point seatbelt protection at all outboard seating positions, dual front airbags¹ and front side-impact airbags — standard on every Hyundai model — as well as front seatbelt pretensioners and force limiters, child-proof rear door locks, two rear outboard ISOFIX child-seat anchors and child-seat tether anchors for up to three rear child-safety seats. And since it's best to avoid impacts altogether, you'll appreciate the way Santa Fe's car-like handling makes it easier to maneuver out of difficult situations.

JUST IN CASE OF AN EMERGENCY, BOTH FRONT SEATBELT PRETENSIONERS LOCK IN THE EVENT OF A MODERATE-TO-SEVERE FRONTAL COLLISION.

POWER-ASSISTED, 4-WHEEL DICBRAKES, STANDARD ON ALL OF OUR 2004 SANTA FE MODELS, GIVE YOU A MORE SOLID AS WELL AS CONTROLLED STOP.

THE DUAL FRONT AND FRONT SIDE-IMPACT AIRBAGS PERFORM A STATUS CHECK AT START-UP TO ENSURE READINESS OF THE SUPPLEMENTAL RESTRAINT SYSTEM.

¹ The Supplemental Restraint (airbag) System (SRS) is designed to work with the 3-point seatbelt system. The SRS deploys in certain frontal and/or side-impact conditions where significant injury is likely. The SRS is not a substitute for seatbelts, which should be worn at all times. Children under the age of 13 should be restrained securely in the rear seat. NEVER place a rear-facing child seat in the front seat of a vehicle with a passenger-side airbag.

Santa Fe | technology

Performance that takes your driving experience to the peak.

Whether you're commuting or hightailing it out of town, the Santa Fe offers three refined yet robust engines. Choose the 2.4-liter 4-cylinder engine, the 2.7-liter V6 or the 3.5-liter V6, all designed to deliver peak performance with minimal maintenance. The 3.5-liter V6 engine is complemented by a 5-speed automatic transmission. Its available electronic InterActive Torque Management 4WD System — a BorgWarner® design — constantly monitors throttle position, front wheel angle and wheel slippage, and automatically routes power to the wheels with the best road grip. Whichever engine you prefer, you'll enjoy a smooth ride and responsive handling, thanks to the fully independent suspension system. Driving the Santa Fe will be one of the highlights of your road trip.

A DUAL MODE TRANSMISSION WITH SHIFTRONIC™ OFFERS FULLY AUTOMATIC OR MANUAL SPORT SHIFTING.

A BRAUNY 3.5-LITER, DOHC V6 ENGINE, AVAILABLE ON THE GLS AND STANDARD ON THE LX MODEL.

FOR ADDED TRACTION, CHOOSE THE AVAILABLE FULL-TIME OR VARIABLE 4WD SYSTEM, SUITED FOR THE 2.7-LITER V6 OR 3.5-LITER V6 ENGINE RESPECTIVELY.
